Board Member of TİKAV and IAYP-TR Honorary President Sultan Yılmaz's Message

Hello The International Award for Young People - Türkiye Family,

When I say IAYP-TR Family, I am referring to all our participants, Award Leaders, A&J Supervisors, Award Coordinators and Managers, TİKAV-IAYP Managers and labourers who have been working together since 2003.

Over the years, we have carried out successful activities together in periods of ups and downs, troubles and joys. Of course, as always, there could have been more participants, more Award Centres, more cities.

However, the priority of the IAYP-TR Management was quality implementation rather than quantity, as far as the conditions allowed. I believe that the right service is provided with this perspective.

Between 2003 and 2021, when I served as a Chairman, we, as IAYP-TR Family, worked devotedly to equip young people with life skills that will enable them to make a difference in their own lives, in the society they live in and in the world. Health to the hands, efforts and hearts of every volunteer and staff member who contributed to the programme. We would not be able to serve the participating young people if it were not for our valuable heart-friendly Award Leaders and A&J Supervisors. We owe gratitude to all our volunteers. So glad we have you...

If we did not have Mr. Hamdi AKIN, Chairman of the Board of Directors of Akfen Holding Inc., and the AKIN Family, who have provided material and moral support for the Award to meet young people in our country and to add value to their personal development, this programme would not be a well-established tree in our country, and perhaps it would be limited to a small number of applications dependent on foreign countries like spindly weeds. Thanks to the Akın Family...

Between 2003 and 2013, I served as the President of the International Youth Award Association, and between 2013 and 2022 as the Chairman of the IAYP-TR National Committee, and I am happy to leave the programme to more dynamic managers. For a long period of 18 years, I took part in the Award because I believe that it "contributes to the continuous development of young people, encourages lifelong learning and openness to new ideas, enables them to learn to plan and control their lives, and teaches them to be beneficial to themselves and the society they live in." I am very peaceful about this.

In my future life, I will continue to support the Award and young people as much as I can with the title of "Honorary President of IAYP-TR" that our National Committee has awarded me.

I would like to express my gratitude, love and respect to our entire IAYP-TR Family.

Sultan Yılmaz

Vision

To increase the individual and societal value of young people that are living in our country through providing Access for them to participate and complete The Award.

Mision

To provide the right conditions for delivering The Award, to promote The Award in a qualified manner within the framework of the standards and to preserve the quality of The Award nationwide.

To increase the Award completion rate in line with the new entrants.

Guiding Principles

INDIVIDUAL

Participants design their own Programme, which can be tailored to suit their personal circumstances, choices and local provision. They start at whichever level suits them best and they can take as long as they wish (within the age limit) to achieve their Award.

NON-COMPETITIVE

Doing their Award is a personal challenge and not a competition against others. Every Participant's programme is tailor-made to reflect their individual starting point, abilities and interests.

ACHIEVABLE

An Award is achievable by any individual who chooses to take up the challenge, regardless of ability, gender, background or location, with the right guidance and inspiration.

VOLUNTARY

Whilst the Award may be offered within school, college, work time, custody or extra-curricular activity, individuals choose to do a programme and must commit some of their free time to undertake their activities.

DEVELOPMENT

Participating in their Award Programme fosters personal and social development. Individuals gain valuable experiences and life skills, grow in confidence and become more aware of their environment and community transforming them into responsible young adults.

Guiding Principles

BALANCED

The Award provides a balanced framework to develop the individual's mind, body and community spirit by engaging them in range of activities in up to five different challenges.

PROGRESSIVE

At each level of engagement, the Award demands progressively more time, commitment and responsibility from the Participant.

INSPIRATIONAL

The Award inspires individuals to exceed their expectations. They are encouraged to set their own challenges and goals before starting an activity, aim for these goals and by showing improvement will achieve an Award.

PERSISTENCE

The Award requires and cannot be completed with a short burst of enthusiasm. Participants are encouraged to continue with activities and to maintain their interest beyond their programme requirements.

ENJOYABLE

Participants and Award Leaders should find the Award enjoyable, fulfilling and rewarding.

3 Year Strategy

WHAT CAN WE ACHIEVE TOGETHER?

Corporate Cooperation

The International Award for Young People is a global framework for non-formal education, which challenges young people aged 14-24 to dream big, celebrate their achievements and make a difference in their world.

The Award is based on the principle of learning by experience; in particular, it aims to bring the 21st Century competencies required in business life to the participants. Thus, it prepares them for social and business life. The Award Programme; with the formation it provides, is one of the key elements that employers are looking for in their prospect employees' CVs and it provides an advantage to our graduates in recruitment process.

We carry out "Talent Development" (Internship Programme's) and "Corporate Social Responsibility (CSR) Projects" with companies.
