MESSAGE FROM NATIONAL COMMITTEE PRESIDENT NAFİZ TURGUT,Phd

Hello to all,

As we were about to proudly share our successful activities that we have carried out hand in hand throughout the year, we were shaken by the huge earthquake disaster that occurred in our country. We are deeply sorry. Get well soon to all our citizens and our country affected by the earthquake. We wish God's mercy to those who lost their lives and a speedy recovery to those who were injured.

As National Committee, National Office, Award Coordinators, Award Leaders and A&J Supervisors, we have left behind another year in which we worked devotedly to equip young people with life skills that will enable them to make a difference in their own lives, in the society they live in and in the world. We had more volunteers with us, we reached more young people, and we thank each and every one of you for your efforts and hearts; so glad we have you.

Endless thanks to Mr. Hamdi AKIN, Chairman of the Board of Directors of Akfen Holding Inc., and the AKIN Family for their support to raise successful and well-equipped individuals by introducing the Award Programme to young people living in our country and ensuring their all-round development; so glad we have them.

These massive disaster we have experienced has caused and will continue to cause many difficulties. Now it is time to work harder. However, life is about believing and struggling. We will continue to contribute to the enduring development of young people in the period they are in, to encourage lifelong learning and openness to new ideas, to support them to be beneficial to themselves and the society they live in by enabling them to learn to plan and control their lives.

We are together hand in hand...

Kind regards,

Nafiz Turgut, Phd.

Guiding Principles

Individual

Participants design their own Programme, which can be tailored to suit their personal circumstances, choices and local provision. They start at whichever level suits them best and they can take as long as they wish (within the age limit) to achieve their Award.

Non-Competitive

Doing their Award is a personal challenge and not a competition against others. Every Participant's programme is tailor-made to reflect their individual starting point, abilities and interests.

Achievable

An Award is achievable by any individual who chooses to take up the challenge, regardless of ability, gender, background or location, with the right guidance and inspiration.

Voluntary

Whilst the Award may be offered within school, college, work time, custody or extra-curricular activity, individuals choose to do a programme and must commit some of their free time to undertake their activities.

Guiding Principles

Development

Participating in their Award Programme fosters personal and social development. Individuals gain valuable experiences and life skills, grow in confidence and become more aware of their environment and community transforming them into responsible young adults.

Balanced

The Award provides a balanced framework to develop the individual's mind, body and community spirit by engaging them in range of activities in up to five different challenges.

Progressive

At each level of engagement, the Award demands progressively more time, commitment and responsibility from the Participant.

Inspirational

The Award inspires individuals to exceed their expectations. They are encouraged to set their own challenges and goals before starting an activity, aim for these goals and by showing improvement will achieve an Award.

Persistence

The Award requires and cannot be completed with a short burst of enthusiasm. Participants are encouraged to continue with activities and to maintain their interest beyond their programme requirements.

Enjoyable

Participants and Award Leaders should find the Award enjoyable, fulfilling and rewarding.

WHAT CAN WE ACHIEVE TOGETHER?

Corporate Cooperation

The International Award for Young People is a global framework for non-formal education, which challenges young people aged 14-24 to dream big, celebrate their achievements and make a difference in their world.

The Award is based on the principle of learning by experience; in particular, it aims to bring the 21st Century competencies required in business life to the participants. Thus, it prepares them for social and business life. The Award Programme; with the formation it provides, is one of the key elements that employers are looking for in their prospect employees' CVs and it provides an advantage to our graduates in recruitment process.

We carry out "Talent Development" (Internship Programme's) and "Corporate Social Responsibility (CSR) Projects" with companies. As an alternative, during the projects to increase the awareness of the Award in Turkey and to include more young people as possible we aim to train employee as Award Leaders (mentors) and Supervisors to gain a unique experience. We are currently in cooperation with the leading companies in their sectors. Within the scope of the Award Programme, examples of such collaborations are also frequently encountered abroad.
